

# The DEWLAX Difference....

## The Coaches

The Coaches care about every athlete. It is not only about making our best players better, it's creating a TEAM. It's making sure the girls who are 16, 17 and 18 on your roster contribute and play to their potential. We coach our athletes up!

Our coaches lead by example. They don't stand on the sidelines quietly – our coaches **coach** and **engage** the athlete.

## Life Lessons

We believe in Double Goal Coach – Winning & Life Lessons go hand in hand. Our coaches talk about **Leadership, Effort, Intensity** and **Hard Work** as the tent poles of success – these qualities are the lifeblood and soul of our program. We believe in well rounded athletes – life is more than sports.

## Professional

We get back to you when we say. We answer every e-mail. **Our coaches will always communicate.** At no time do we want our athletes to not know where they stand. We have an open door policy so that athletes can address any need – our coaches will get back to you within 24 hours with feedback. You will not be left in the dark.

## Summer Tournaments

For our middle school teams, **all tournaments are in the month of June and are in NJ.** That allows for families to relax and vacation after July 4<sup>th</sup>! For Rising Freshmen and our HS Teams, we play one additional recruiting tournament in Maryland in July.

## Schedule

Our Schedule is **efficient and effective.** Each practice is designed for preparation for tournament play. Quality tournaments are selected for competitive play. Our season doesn't drag on and hinder summer family fun.

## Connections

DEWLAX coaches know **college coaches.** We understand the roadmap to college and can help advise you on how to get there. Our relationships with college coaches, from recruiting seminars to recommendation letters to the right tournaments will help you in your quest for college lacrosse.
